

Katharina BUSE

Short resume : I joined the EEAS HQ on 1.01.2011 as Desk Officer for the Central African Republic after having previously worked for the European Commission, different national administrations, including the FR MFA, as well as the private sector.

I am standing as a candidate for the EEAS Staff Committee in order to contribute to a constructive social dialogue within the EEAS.

This requires a functioning Staff Committee that acts in the interest of all staff categories, regardless the fact if one serves in HQ or Delegations or the category one belongs to.

I am eager to participate in this endeavour.
