

Wayne LEWIS

Short resume : Barbados Delegation, Press and Information Officer, Local Agent , language spoken (English), Staff Representative at the Barbados Delegation from 2006 to 2013

Why I forward my candidacy – As a former Staff representative in the Barbados Delegation (2006-2013) I thought I would use my extensive knowledge of the numerous issues to articulate the concerns of staff throughout the EEAS.

What are my priorities – My priorities are staff training, especially as it relates to Local Agents; ensuring that staff fully understand the operations of the European External Action Service; and ensuring that Contract Agents are not disenfranchised as a result of rotation.

What will be my pet subjects...Staff Training, re-examination of the reclassification process, examination of the complementary Medical Insurance Scheme for Local Agents, ensuring pension rights are not eroded in the new dispensation.

My commitments – I will be available to represent all staff.
