

Cathy MARCOCCHIO

Short resume : working for 4 years at the Delegation to Rwanda as the assistant to the HOD, I'm an ACII, I speak 5 languages: French, English, Dutch, Italian and German, it's my first time in trade unions

I forwarded my candidacy as to defend the conditions of the staff, especially in Delegation. Being an ACII, so the most fragile and isolated grade in Delegation, I want to fight to avoid further unfair reforms, as the effects are catastrophic on the lowest grades.

My priorities are equal treatment for all categories of staff, a lump sum for the LCA and the expatriation & installation allowance (rather than a percentage), more leave days in Delegation as life is far to be the same as in HQ, especially in certain countries ! There is a need to preserve motivated staff, in order to ensure work quality.

I'll do my best to be available when needed, I'm very motivated and committed to help my colleagues, and to contribute to the fact that the values defended by the Institutions (justice, transparency, fight against poverty and inequalities) are respected inside of the Institutions as well.
