

Caroline STAS

I work for the Delegation of the EU in El Salvador since 2007 as Contract Agent and I am the assistant of the Head of the Delegation. I speak French and Spanish fluently and speak English at an intermediaire level. I have been in the Staff Committee since 2012.

I am looking forward to represent the interest of the personnel in Delegations and improve the dialogue between the Union and the EEAS.

I would like to improve the working conditions for all categories of agents, work for a better rotation for all the Contract Agents and also ameliorate everybody's career plan.

I plan to support the work of the Union as well as to bring to the attention of the Committee any issue brought to me by all my colleagues in Delegations.
