EEAS – Delegation Burundi

I started to work for the Commission in April 1989 in Luxembourg, at DGXVIII/DG ECFIN. In 1995 I moved to Brussels to join the newly created DG IA, that became later DG RELEX. After postings in three Delegations, Serbia, Bulgaria and Bosnia & Herzegovina, I returned to the EEAS in HQs for 2 years to work for the Director in charge of North-East Asia and the Pacific. Since 1 year I am posted at the Delegation in Burundi.

My experience in Headquarters and EU Delegations, as well as my previous experience as an elected member of the Staff Representation Outside the Union and the EEAS Staff Committee, has given me a very wide knowledge of EU Commission and EEAS functioning. I have always been very keen on defending colleagues and human interests and I would like to represent the interests of all categories of staff at the EEAS and the Commission.
