

Jurgis VILČINSKAS

Head of Press and Communication at the EU Delegation in Ukraine.

Studied and taught diplomacy, public administration and political economy at four international schools. Interested in strategic communication and social media.

Married, raises twins girl and boy, in spare time hikes, bikes and plays tennis.

Next to Lithuanian mother tongue and EU official languages, speaks Russian, gets around in Croatian, Polish and understands Scandinavians.

Why I forward my candidacy?

- In order to advance EEAS as a modern and comfortable workplace, inspiring its staff for great deeds and rewarding them with prospects for self-development and interesting career.
- To guarantee a fair treatment of each and every one by her/his merit and to make sure decisions are made thinking about the interests of staff!

My priorities:

Streamlined communication between EU Delegations and HQ

Clear career development plans for individual staff and clear criteria for the selection of staff for the career tracks, with a focus on **Low Graded officials**, who are the future of the institution.

Immediate actions:

- ✓ Budget for annual team-building and social event -- not a privilege, but essential need!
- ✓ Skills training and personal development at the EUD and HQ - a recognised and supported activity!
- ✓ Maximum of flexibility securing best accommodation and education options for staff working at EUDs!
